

Info for Artists about the "Shopping in the Hills" event, November 28-29, 12-5pm

- Blue Sky Vineyard will host one jewelry and wearable art themed art and craft fair in their pavilion building. Von Jakob Orchard and Vineyard will host a home décor themed art and craft fair in their banquet room. We will be setting up additional 2D art shows/sales at other locations, including wineries.
- Cost for participation in the art and craft fair is 10% of sales. Cost for participation in any other art shows arranged by HeartlandArts.Net is 35% of sales.
- The art and craft fairs are being juried by HeartlandArts.Net and the winery representatives. HeartlandArts.Net art shows are juried by HeartlandArts.Net.
- We believe that reasonably priced items will be the best sellers at these shows.
- We do have space for 2D art at Von Jakob.
- Artists should plan on bringing their own tables and anything they need to display their work.
- Setup will be the morning of the shows each day from 10am, and take down following at 5pm.
- Artists need to handle their own money and sales tax.
- We are advertising this show via the press, posting flyers and extensive email contacts.
- We need to know by at the latest November 20 whether you will participate or not.
- Artists who want to participate should be present during the shows or find someone to handle their sales.
- Sign up on www.HeartlandArts.Net to be considered for participation.
- Once you are accepted for participation, we will send you the signup form via email.
